NEXT STEPS

- Monitor and track trends from prior years.
- Encourage directors to discuss the results with their teams and have a facilitated session to discuss the results and actions they can take to make improvements.
- Be comprehensive in your interpretation of the data by attending to areas of strength (e.g., 90% were satisfied) and opportunities for growth (e.g., 10% were not).
- Communicate the results and action plans of the survey as widely as possible - via website, email staff members recognized for excellent customer service.
- Develop an action plan based on the opportunities. Compare past action plans/implementations with current results.
- Regularly communicate the linkage between the actions taken throughout the year and the survey ("we heard you").
